Attention patients who are interested in and/or receiving a  
Contact Lens Evaluation.

Please read and sign at the bottom. Doing so let's us know the patient/guardian has read and understood the terms and conditions stated below.

If you are using Vision Insurance:

To avoid insurance filing issues when using Vision Benefits for contact lenses, we require payment for the Contact Lens Evaluation/Corneal Assessment at the time of exam. Doing this leaves the patient with full contact lens benefits towards the materials (boxes), instead of deducting the Contact Lens Evaluation Fee from the Contact Lens Allowance, or the option to use Material Benefits towards frames and/or lenses. The insurance company may discount the fee for the contact lens evaluation. Please do not hesitate to ask if you have any questions.

---

Many patients ask, "Why do I need to have a yearly contact lens evaluation after having an initial evaluation?"

By Texas State Law, prescriptions are valid for one year after the correct prescription has been determined, unless a shorter term is warranted by the health of the patient's eyes or by potential harm to the health of the patient's eyes. Contact lenses can sometimes cause serious problems for the eyes, so the doctor needs to make sure that a patient's current lenses fit properly over time and are not harming the cornea. The doctor may also need to change the contact lens material from time to time, based on the patient's lifestyle and needs.

Patient/Guardian Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Please take a moment to answer the following questions about your current contact lenses.**

1. Rate how your contact lenses feel immediately after you first put them in:

Poor [1] [2] [3] [4] [5] [6] [7] [8] [9] [10] Excellent

Indicate what time you put your contact lenses in: \_\_\_\_\_

2. Rate how your contact lenses feel just before you take them out:

Poor [1] [2] [3] [4] [5] [6] [7] [8] [9] [10] Excellent

Indicate what time you take your lenses out: \_\_\_\_\_

3. Do you use contact lens re-wetting drops?  Yes  No

If so, how often? \_\_\_\_\_

4. Are you interested in possibly enhancing or changing your eye color?  Yes  No

## Medical Insurance Waiver

When most people think about getting an eye exam, they think about whether or not the doctor will tell them they need glasses, or maybe about updating their current contact lens or glasses prescription. You may not think of it as medical or health exam. A lot of terms are thrown around, like medical eye exam, comprehensive eye exam, routine vision exam, vision screening, etc., and there ARE differences between different types of eye examinations.

### Medical Eye Exam

Glaucoma, Diabetes, Dry Eye Syndrome, Macular Degeneration, Cataracts, Corneal Dystrophy, Retinal Detachments, etc., are all medical issues with the eyes, not things that can be fixed with glasses or contacts. These types of conditions need to be monitored closely by your eye doctor. So when we say we are doing a medical eye exam, those are the kinds of things we're looking for or monitoring. A medical eye exam differs from a routine vision exam in that it is an exam where we are evaluating or treating a patient for some sort of medical condition.

Your eye doctor is legally bound to follow healthcare guidelines regarding billing your insurance. A *medical eye exam* should be billed to your *medical insurance*, while a routine vision exam should be billed to either your vision insurance or to you if you are self-pay.

### OptoMap Retinal Images to Medical Insurance

If the retinal images are denied by the insurance company, the balance will be forwarded to the patient as payment responsibility. The fee for the OptoMap Retinal Exam is up to **\$85.00**. This fee may be further discounted by the insurance company and will be applied when applicable.

### Office Visits / Special Testing or Procedures

These types of visits and/or procedures are not a part of a Routine Vision Examination; therefore the claim cannot be submitted to Vision Insurance for payment.

***Your doctor will discuss with you what type of exam you are receiving and who it will be billed to.***

We will submit the claim on your behalf to your **Medical Insurance**. Please be aware that the insurance company may not pay for some or even all services received due to non-coverage or in some cases, deemed unnecessary. In these situations, the patient is responsible for any services rendered that are not paid by your insurance company. Insurance benefits and coverage are an agreement between the patient and the insurance company. Non-payment by the insurance company transfers the responsibility of the claim payment to the patient.
